

Memorandum

TO: Kevin Jackson, Village Manager 

FROM: Theresa Chapple, Director of Public Health 

FOR: Village President and Board of Trustees

DATE: 05/03/2023

SUBJECT: The COVID-19 Public Health Emergency Declaration Ends on May 11, 2023

The public health emergency (PHE) declaration and some accompanying legislation will end May 11, 2023. This ends the U.S. response to COVID-19 as an emergency. This does not end the pandemic, which only the World Health Organization can declare. With the ending of the PHE, the availability and access to some services will change.

Overview of services that will end and services that will remain the same:

| Service | What will change | What remains the same |
|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| COVID-19 Vaccines | <ul style="list-style-type: none">- Private insurance no longer required to cover vaccines w/o cost-sharing- Temporary Medicaid option to provide uninsured with free vaccines ends- 100% federal Medicaid matching payments for vaccines ends Sept 2024 | <ul style="list-style-type: none">- Federally purchased vaccines still free of charge while supply lasts |
| COVID-19 vaccinations by pharmacists | <ul style="list-style-type: none">- Pharmacists will not longer be able to vaccinate children under 3 | |
| COVID-19 At-Home Tests | <ul style="list-style-type: none">- Those with private insurance and Medicare will no longer receive 8 free tests per month- Temporary Medicaid option to provide uninsured with free tests ends | <ul style="list-style-type: none">- Uninsured will still pay for at-home tests, unless they access federally-purchased tests- Free tests through Medicaid (until Sept 2024) |
| COVID-19 Lab Tests | <ul style="list-style-type: none">- Insured will still have coverage for lab testing but may begin cost sharing | <ul style="list-style-type: none">- Medicare beneficiaries will continue to receive provider-ordered testing at no cost |

The COVID-19 Public Health Emergency Declaration Ends on May 11, 2023
